

Family

What are your goals for your family this summer? Consider utilizing one of the recommended resources (on the back of this handout) for your Family Devotional time. We have a couple family events planned as well:

- Family VBS—June 11-13
- Family Fun Day at AZ Science Center—July 20
- CASM 25th Anniversary recognition—July 28

Discipleship

Our Discipleship groups will be diving in to book studies over the summer months. This is a great time to join a group if you are not a part of one already! Each group leader will decide which of the suggested books (see the back of this handout) they will walk through together. To see a list of all of the discipleship groups that meet across the valley, visit our discipleship page on our website: casm.org/discipleship

- Book studies—June and July
- The Book of Ephesians Study—starting the week of August 5

Community

How do we connect with each other and with our community in South Phoenix this summer?

- Water Drive—July
- Heart for Soles Shoe Drive—August

Usefulness

We have service opportunities this summer to help build the kingdom and strengthen the church as we press on for Jesus Christ.

- Music room cleaning/organization (Tony Long, tlong@casm.org)
- Grounds help (Rodney Davis, rdavis@casm.org)

Reminder

This summer we want to challenge members to be faithful in two areas:
attendance and giving.

Statistics indicate a 13-20% drop in giving during the summer months (May-August), BUT with the right tools and a planned communication strategy, churches can see less than a 1% decline. Recurring giving is the "secret weapon" against the summer months. Automation trumps determination. Sign up online and help us avoid the summer shortfall.

RESOURCES

Suggested Books for Summer Reading

- *Redemption Accomplished and Applied*, John Murray
- *The Roots of True Faith*, William Guthrie
- *Spurgeon on the Christian Life: Alive in Christ*, Michael Reeves
- *Christ's Call to Discipleship*, James Montgomery Boice
- *Spiritual Growth*, A.W. Pink
